Part II. INFORMATION ABOUT THE SCHEME

A. How will the scheme allocate its assets?

Under normal market circumstances, the investment range would be as follows:

Instruments	Indicative allocations (% of total assets)	
	Maximum	Minimum
Money Market Instruments as may be defined by SEBI/ RBI from time to time and Cash	100	0

The cumulative gross exposure through equity, debt and derivative positions (*including commodity and fixed income derivatives*), *repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time*) should not exceed 100% of the net assets of the scheme.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

The Scheme may have exposure in the following:

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. no	Type of Instrument	Percentage of exposure	Circular references*
1	Securities Lending	A maximum of 40% of net assets may be deployed in securities lending and the maximum single party exposure may be restricted to 10%^ of net assets outstanding at any point of time. ^ Presently, Securities lending and borrowing (SLB) is an Exchange traded product. Counterparty is not known for transactions carried out under SLB segment and they are guaranteed by Clearing Corporations and hence do not carry any counter party risk. Accordingly, single party exposure limit will not apply to trades on Stock Exchange platform. Single party exposure limits can only apply in case of OTC (over the counter) trades where counterparty can be identified.	Para 12.11 of SEBI Master Circular on Mutual Funds dated June 27, 2024
2	Securitized Debt	The scheme will not invest in Securitized debt	Para 12.15 of SEBI Master Circular on Mutual Funds dated June 27, 2024

8	ReITS and InVITS	The scheme will not invest in REITs and INnVITS	Para 12.21 of SEBI Master Circular on Mutual Funds dated June 27, 2024
9	Securities borrowing & Short selling	If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines issued by SEBI. Short sale of securities means selling of securities without owning them. The AMC will comply with the guidelines issued by SEBI in this behalf, including reporting obligations and the Trustee will carry out the reviews required under said guidelines.	Para 12.11 of SEBI Master Circular on Mutual Funds dated June 27, 2024
10	Debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption (For eg. Additional Tier I bonds and Tier 2 bonds issued	The scheme will not invest in such securities.	Referred in Para 12.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024

	under Basel III framework)		
11	Debt instruments with Credit enhancement/structured obligations	Investment in such instruments shall not exceed 10% of the debt portfolio of the scheme and the Group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme; a) Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade.; and b) Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.	Para 4.5.3 (for Overnight & Liquid fund)/ Para 12.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024
12	Units of mutual Fund schemes	The Scheme may invest in any other scheme without charging any fees, provided that aggregate interscheme investment made by all schemes under the management of Franklin Templeton Asset Management (India) Private Limited or in schemes under the management of any other AMC shall not exceed 5% of the net asset value of the mutual fund.	Schedule 7 of SEBI (Mutual Funds) Regulations, 1996
13	Tri-party repos	upto 100%	Not applicable

It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially (subject to and within the maximum limits prescribed above) depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. The asset allocation pattern described above may alter from time to time on a short-term basis on defensive considerations (As per Para 1.14.1.2.b of SEBI Master circular on Mutual Funds dated June 27, 2024), keeping in view market conditions, market opportunities, applicable regulations and political and economic factors (i.e., for reasons other than downgrade in rating) and would, in such cases, shall be rebalanced within 30 calendar days from date of deviation. However, if the asset allocation pattern is to be altered for other reasons, as this is a fundamental attribute, the procedure outlined in the paragraph on fundamental attributes below, shall be followed.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Para 16A.1 of SEBI Master Circular on Mutual Funds dated June 27, 2024 on Investment by Mutual Fund Schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF') within 10 working days from the request of CDMDF. Further, an incremental contribution to CDMDF shall be made every six months within 10 working days from the end of half year starting from December 2023 to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

However, in case of winding up of contributing Scheme, inter-scheme transfers within the same Mutual Fund or across Mutual Funds may be undertaken.

Further, investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

Portfolio rebalancing:

In the event of deviations the portfolio will be rebalanced as per Para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024. In the event of deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMCs), rebalancing period shall be 30 Business Days. Where the portfolio is not rebalanced within 30 Business Days justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment committee shall then decide on the course of action. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

All the reporting and disclosure requirements as mentioned in Para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024 shall be complied with. This includes disclosure to investors in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme.

In accordance with Para 4.6 of SEBI Master Circular on Mutual Funds dated May 19 2023, the scheme shall hold at least 10% of their net assets in liquid assets. For this purpose, 'liquid assets' shall include Cash, Government Securities, T-bills and Repo on Government Securities. Such investment shall not be included for determining the scheme characteristics as specified in Part IV of SEBI Master Circular on Mutual Funds dated June 27, 2024. In case, the exposure in such liquid assets / securities falls below the SEBI prescribed threshold, the AMC shall ensure compliance with the above requirement before making any further investments.

NOTE: The investment under Direct Plans shall have the same portfolio as that of the plan/option under which it is introduced, and hence the same investment objectives and investment pattern as that of the existing respective Scheme/Scheme Portfolio.

B. Where will the scheme invest?

Subject to the SEBI Regulations, investment objective and the asset allocation pattern mentioned above, the Scheme may invest in various types of instruments including, but not limited to, any of the following:

- (a) Money market instruments permitted by SEBI/RBI.
- (b) Domestic derivatives
- (c) Deposits with domestic banks and other bodies corporate as may be permitted by SEBI from time to time
- (d) Any other domestic debt and money market instruments that may be available or evolve with the development of the securities markets and as may be permitted by SEBI from time to time.

C. What are the investment strategies?

Looks to minimise the risk arising from interest rate fluctuations.

The Scheme may use derivatives for such purposes as may be permitted by the Regulations, including for the purpose of hedging and portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time.

The margin money deployed on derivative positions would be included in Debt & Money Market Instruments. The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the scheme.

For detailed derivative strategies, please refer to SAI.

D. How will the scheme benchmark its performance?

Part III- OTHER DETAILS

A. Computation of NAV

The Net Asset Value (NAV) is the value of a Unit and is computed as shown below:

NAV	=	Market Value of the scheme's investments + other assets (including accrued interest) - all liabilities except unit capital & reserves
(Rs. Per unit)		Number of units outstanding at the end of the day

For example, if the market value of securities of a mutual fund scheme is INR 200 lakh and the mutual fund has issued 10 lakh units of INR 10 each to the investors, then the NAV per unit of the fund is INR 20 (i.e. 200 lakh/10 lakh).

The NAV will be normally computed for all Business Days of the Scheme and will be calculated to four decimals using standard rounding criteria.

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 95 per cent of the Net Asset Value.

Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time. For the detailed Valuation Policy and the accounting policy of the AMC, please refer the Statement of Additional Information.

For other details such as policies w.r.t computation of NAV, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. Annual Scheme Recurring Expenses

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that upto 2.00% of the daily average net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund:
<https://www.franklintempletonindia.com/reports?secondFilter=15>

In accordance with Regulations, the asset management company ("AMC") is entitled to charge the scheme with investment and advisory fees. In addition to such fees, the AMC may charge the scheme such expenses as may be permitted under Regulations from time to time.

The maximum annual recurring expenses that can be charged to the Scheme, excluding issue or redemption expenses, whether initially borne by the mutual fund or by the asset management company, but including the investment management and advisory fee shall be within the limits stated in Regulations 52 read with SEBI notification no. SEBI/LAD-NRO/GN/2018/51 dated December 13, 2018 and Para 10. 1 of Master Circular on Mutual Funds dated June 27, 2024, as follows:

(I) Recurring expenses including the investment management and advisory fee subject to the limits specified in the table below (as % of daily net assets):

on the first Rs. 500 crores	2.00%
on the next Rs. 250 crores	1.75%
on the next Rs. 1,250 crores	1.50%
on the next Rs. 3,000 crores	1.35%
on the next Rs. 5,000 crores	1.25%
On the next Rs. 40,000 crores	Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
Above Rs. 50,000 crores	0.80%

(II) In addition to the above, the following costs or expenses may be charged to the Scheme, as per sub regulation 52(6A) namely-

(a) brokerage and transaction costs which are incurred for the purpose of execution of trade up to 0.12 per cent of trade value in case of cash market transactions and 0.05 per cent of trade value in case of derivatives transactions

(b) expenses not exceeding 0.30% of daily net assets, if the new inflows from retail investors from such cities as specified by SEBI from time to time are at least - (i) 30% of gross new inflows in the scheme, or; (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

Provided that if inflows from retail investors from such cities are less than the higher of (i) or (ii) above, such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilised for sales, marketing and distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from retail investors from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

These expenses are in abeyance with effect from March 1, 2023 till further instructions from SEBI.

(c) additional expenses not exceeding 0.05% of daily net assets of the scheme towards various permissible expenses.

Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable.

Any expenditure in excess of the limits specified in sub-regulations 52 (6) and 52 (6A)] shall be borne by the asset management company or by the trustee or sponsors.

(III) The AMC may charge Goods and Service Tax on investment and advisory fees to the Scheme in addition to the maximum limit of annual recurring expenses as prescribed in Regulation 52. Further, the below mentioned expenses and charges shall be borne by the Scheme within the maximum limit of annual recurring expenses as prescribed in Regulation 52.

- a) Goods and Service Tax on expenses other than investment and advisory fees; and,
- b) brokerage and transaction costs (including Goods and Service Tax) incurred for the purpose of execution of trade in excess of 0.12% in case of cash market transactions and 0.05% in case of derivatives transactions, if any.

Within such total recurring expenses charged to the scheme as above, the investment management and advisory fee (charged as a percentage of daily net assets) would be as decided by the AMC from time to time, provided that the investment management and advisory fee shall not exceed the aggregate of expenses charged under clause (I) and (II)(c) above.

The total annual recurring expenses of the Scheme including the investment management and advisory fee (together with additional management fee wherever applicable) shall not exceed the limit stated in Regulation 52 read with Para 10.1.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024, as explained above.

As per Para 10.1.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the AMC shall annually set apart at least 0.02% on daily net assets within the maximum limit of recurring expenses as per Regulation 52 for investor education and awareness initiatives.

The investments under 'Direct' shall have a lower expense ratio excluding distribution expenses, commission, etc., and no commission shall be paid on investments under Direct Plan. The Direct Plan shall also have a separate NAV.

The Trustee / AMC reserves the right to charge higher operating expenses in relation to investing overseas as and when SEBI permits.

The AMC has estimated the following recurring expenses for the first Rs.500 crores of Average Daily Net Assets:

Particulars	% of Average Daily Net Assets
Recurring expenses permissible under Regulation 52(6)(c)(i): (a) Investment Management and Advisory Fee (b) Expenses - <ul style="list-style-type: none">- Custodial Fees- Registrar & Transfer Agent Fees including cost related to providing accounts statement, IDCW/redemption	(a) + (b) - not exceeding 2.00% of daily net assets

Particulars	% of Average Daily Net Assets
cheques/warrants etc., Listing Fees - Marketing & Selling Expenses including distributor /agent Commission, brokerage & transaction Cost pertaining to the distribution of units and statutory advertisements - Costs related to investor communications - Expenses towards investor education and awareness initiatives (at least 0.02%) - Fees and Expenses of Trustees / Audit Fees - Costs of fund transfer from location to location - Goods and Service Tax on expenses other than investment and advisory fees - Brokerage and transaction costs (including Goods and Service Tax) incurred for the purpose of execution of trade in excess of 0.12% (in case of cash market transactions) / 0.05% (in case of derivatives transactions) - Other permissible expenses	
(c) Goods and Service Tax on investment and advisory fees	At actual
(d) Additional expenses permissible under Regulation 52(6A)(c) towards various permissible expenses	not exceeding 0.05% of daily net assets
(e) Expenses in case of inflows from retail investors from cities beyond Top 30 cities charged proportionately under Regulation 52(6A)(b) (refer II(b) above)	not exceeding 0.30% of daily net asset (These expenses are in abeyance with effect from March 1, 2023 till further instructions from SEBI)

The above estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se and types of the expenses charged shall be as per the Regulations.

For the actual Annual Scheme Recurring expenses currently being charged, the investor should refer to <https://www.franklintempletonindia.com/reports?secondFilter=15>

The tables relating to Annual Scheme Recurring Expenses given above and the Load structure given below have been given to the investor to assist him / her in understanding the various costs and expenses that an investor of the scheme will bear directly or indirectly.

Investment management fees are payable monthly in arrears. The direct expenses incurred by each scheme of Franklin Templeton Mutual Fund shall be chargeable to that scheme. The common expenses incurred on various schemes could be allocated to the schemes based on various parameters such as number of unitholders, the size of the corpus / assets, equally or any other basis in conformity

with generally accepted accounting principles.

Notes:

- The above illustration is provided only to explain the impact of expense ratio on scheme's returns, and not to be construed as providing any kind of investment advice or guarantee on returns on investments.
- The Expense are charged on the closing asset under management and are subject to change on a periodic basis.
- The tax impact has not been considered in the above illustration. In view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

C. Load Structure

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please visit Franklin Templeton India's website (www.franklintempletonindia.com) or call at 1800 425 4255 or 1-800 -258 4255 (Please prefix the city STD code if calling from a mobile phone. Local call rates apply to both the number) or contact your distributor.

Sr. No	Particulars	As % of NAV
1	Sales / Entry load on purchase / subscription	0%
2	Exit Load on redemption / repurchase	0%
3	Load on Switch / Exchange	0%

For investments under 'Direct' plan, the Exit load applicable shall be the same as the exit load applicable in the respective Scheme/Scheme Portfolio.

The applicability of exit load in respect of switches between plans and options within the same Scheme will be as follows:

Nature of investment	Exit Load applicability
Existing and new investments made under a Distributor code	No load will be charged on switches to Direct Plan
Existing and new investments made without a Distributor code	No load will be charged on switches to Direct.
Investment made under Direct route on or after January 01, 2013	No load will be charged on switches from Direct to other plans and options under the Scheme available for investment under a Distributor code.

For determining whether an investment was made under a Distributor code or not, the Distributor code as per the records of the AMC/Registrar on the date of the switch transaction will be considered.

As per Para 10.4.1.a of SEBI Master Circular on Mutual Funds dated June 27, 2024, no entry load will be charged for purchase/additional purchase/switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to all applications for registrations under the Systematic Investment Plan (SIP)/Systematic Transfer Plan (STP) accepted by the Mutual Fund including SIPs registered prior to August 1, 2009.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

All the switches / exchanges will be treated as redemption in the source scheme and subscription in the destination scheme, with the entry and exit load as may be applicable. The switches of Units will be considered on First-in-First-Out (FIFO) basis.

The AMC/Trustee reserves the right to modify the Load/Fee mentioned above at any time in future on a prospective basis, subject to the limits prescribed under the SEBI Regulations.

For the information of the investors, any introduction / change of load in the Scheme may be put up on the website of the Mutual Fund. The addendum detailing the changes may be circulated among the Investor Service Centres / Distributors / Brokers under directions to display it at their respective offices in form of a Notice and attach it to the copies of Scheme Information Documents and Key Information Memorandum (if required) already in stock. The load may also be disclosed in the account statement issued after the introduction of such load.

The investor is requested to check the prevailing load structure of the scheme before investing.

All loads collected on units shall be retained in the Fund and maintained in a separate account and would strictly and fully be utilised by the Investment Manager in providing distribution related services to the Mutual Fund relating to the sale, promotion, advertising and marketing of Units of the Scheme, including payments to brokers / registrars for their services in connection with the distribution of the Units. Any surplus in this account may be credited to the scheme, whenever felt appropriate by the AMC. As per Para 10.4.1.a of SEBI Master Circular on Mutual Funds dated June 27, 2024, effective August 01, 2009, of the exit load charged to the investor, a maximum of 1% of the redemption proceeds shall be maintained in a separate account which can be used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Any balance shall be credited to the scheme immediately.

Effective October 01, 2012, exit load(if any) charged to the unit holders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of Goods and service tax. Goods and Service tax on exit load, if any, shall be paid out of the exit load proceeds.

Load on bonus/Reinvestment of Income Distribution cum capital withdrawal option units: As per Para 10.6 of SEBI Master Circular on Mutual Funds dated June 27, 2024, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of IDCW.

Section II

I. Introduction

A. Definitions/interpretation

In this SID, all references to “U.S.\$” or “\$” are to United States of America Dollars and “Rs.” are to Indian Rupees.

For detailed description please click the link: https://www.franklintempletonindia.com/download/en-in/odd-definitions/f92ebc52-1aaa-4233-a032-1445e20b9739/Definitions_scheme-docs.pdf

B. Risk factors

SCHEME SPECIFIC RISK FACTORS

1. The performance of the scheme may be affected by the corporate performance, macro-economic factors, changes in Government policies, general levels of interest rates and risk associated with trading volumes, liquidity and settlement systems in the securities markets.
2. Low trading volumes, settlement periods and transfer procedures may restrict the liquidity of the scheme's investments. Transacting may become difficult due to extreme volatility in the market resulting in constriction in volumes. Additionally, changes in the SEBI/ RBI regulations/Guidelines may have an adverse impact on the liquidity of the scheme. Different segments of the Indian financial markets have different settlement periods, and such period may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event the Scheme has to meet an inordinately large number of redemption requests. In addition, the Trustee at its sole discretion reserves the right to limit or withdraw sale and/or repurchase/redemption and/or switching of the units in the scheme (including any one of the Plans of the scheme) temporarily or indefinitely under certain circumstances. For details refer the Section 'Suspension of sale of units' and 'Suspension of redemption of units'. The scheme will retain certain investments in cash or cash equivalent for the day to day liquidity requirements.
3. Interest rate risk: This risk results from changes in demand and supply for money and other macroeconomic factors and creates price changes in the value of debt instruments. Consequently, the Net Asset Value of the scheme may be subject to fluctuation. Changes in the interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby possible movements in the NAV. This may expose the scheme to possible capital erosion.

4. Credit risk or default risk: This refers to the risk that an issuer of a fixed income security may default (i.e. will be unable to make timely principal and interest payments on the security). Default risk / credit risk arises due to an issuer's inability to meet obligations on the principal repayment and interest payments. Because of this risk corporate debentures are sold at a yield above those offered on Government Securities, which are sovereign obligations and free of credit risk. Normally the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.
5. Market risk: This risk arises due to price volatility due to such factors as interest sensitivity, market perception or the credit worthiness of the issuer and general market liquidity, change in interest rate expectations and liquidity flows. Market risk is a risk which is inherent to investments in securities. This may expose the scheme to possible capital erosion.
6. Reinvestment risk: This risk refers to the interest rate levels at which cash flows received for the securities in the Scheme are reinvested. Investments in debt instruments are subject to reinvestment risks as interest rates prevailing on interest or maturity due dates may differ from the original coupon of the bond, which might result in the proceeds being invested at a lower rate. The additional risk from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
7. Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk today is a characteristic of the Indian fixed income market. E.g. historically, the securitized debt securities segment has witnessed low liquidity. This could lead to higher costs for secondary market trading, if the fund witnesses volatile flows.
8. Certain fixed income securities give an issuer the right to call its securities, before their maturity date, in periods of declining interest rates. The possibility of such pre-payment risk may force the fund to re-invest the proceeds of such investments in securities offering lower yields, thereby reducing the fund's interest income.
9. The scheme may invest in non-publicly offered debt securities. This may expose the scheme to liquidity risks.
10. Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
11. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the scheme.

Risks associated with derivatives

12. Derivatives are high risk, high return instruments as they may be highly leveraged. A small price movement in the underlying security could have a large impact on their value and may also result

in a loss. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

13. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
14. Interest rate swaps and Forward Rate Agreement require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that the derivative adds to the portfolio and the ability to forecast failure of another party (usually referred to as the “counter-party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives, the credit risk where the danger is that of a counter-party failing to honor its commitment, liquidity risk where the danger is that the derivative cannot be sold at prices that reflect the underlying assets, rates and indices, and price risk where the market price may move in adverse fashion.
15. The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
16. The Stock Exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.

Risks associated with Securities Lending

17. Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

Risks associated with Short-selling of Securities

18. **Purchasing a security entails the risk of the security price going down. Short selling of securities** (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and

daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

19. Risk factors associated with processing of transaction through Stock Exchange Mechanism

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the AMC has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

20. Risk factors associated with investment in Tri-Party Repo

All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by Clearing Corporation of India (CCIL). This reduces the settlement and counterparty risks considerably.

Mutual funds are member of securities segment and Triparty Repo trade settlement of CCIL. The members are required to contribute an amount from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. Additionally, the fund contribution is allowed to meet the residual loss in case of default by the other clearing member (the defaulting member). CCIL maintains two separate Default Funds with respect to the Securities Segment. One with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades.

Therefore, mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

21. Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF):

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The

objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus, this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with Para 16A.1 of SEBI Master Circular on Mutual Funds dated June 27, 2024 on Investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund, the aforementioned schemes shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF'). An incremental contribution to CDMDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

Investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

C. Risk Mitigation Strategies:

- Interest Rate Risk: The Fund seeks to mitigate this risk by keeping the maturity of the schemes in line with the interest rate expectations.
- Credit risk or default risk: The Fund will endeavour to minimise Credit/Default risk by primarily investing in medium-high investment grade fixed income securities rated by SEBI registered credit rating agencies. Historical default rates for investment grade securities (BBB and above) have been low.
- Reinvestment Risk: Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
- The schemes may take positions in interest rate derivatives to hedge market/interest rate risks.
- Liquidity or Marketability Risk: The fund will endeavour to minimise liquidity risk by investing in securities having a liquid market.

Further, below is the synopsis through which we monitor and manage the liquidity risk:

Liquidity Management tool	Description
Potential Risk Class Matrix and Risk-o-meter	The Potential Risk Class (PRC) matrix of the scheme is defined. The same is being monitored on a regular basis. Any change in the positioning of the scheme into a cell resulting in a risk (in terms of credit risk or duration risk) which is higher than the maximum risk specified for the chosen PRC cell, shall be considered as a fundamental attribute change of the scheme in terms of regulation 18(15A) of SEBI (Mutual Fund) Regulations, 1996. Risk-o-meter of the scheme is also reviewed on a monthly basis and latest risk-o-meter is published on website.
Liquidity Risk Management	All potential Liquidity Risk scenarios arising from the liability side is measured upto 99% confidence interval. The remedial measures are available for both for managing this risk on an ongoing basis (LRaR & LCRaR) as well as action plan in case there is a difference between actual outcome and projected outcome.
Stress Testing	The stress test is carried out on a monthly basis and if the market conditions require so, AMC may conduct more frequent stress test. This addresses the asset side risk from an Interest Rate, Credit and Liquidity Risk perspective at an aggregate portfolio level in terms of its impact on NAV of the scheme.
Asset liability mismatch (ALM)	ALM requirement is monitored in accordance with Para 4.1 of SEBI Master Circular on Mutual Funds date June 27, 2024 which addresses potential Liquidity requirement over a 90-day period and required relevant asset side liquidity to be maintained.
Swing Pricing Framework	In case of severe liquidity stress on account of dysfunction at market level, the Swing Pricing guidelines get triggered which offers the contingency plan in case all else fails. The swing pricing framework will be made applicable only for scenarios related to net outflows from the schemes.

II. Information about the scheme:

A. Where will the scheme invest

Detailed description of the instruments (including overview of debt markets in India, if applicable) mentioned in Section I is provided below:

• **Debt Securities:**

Debt instruments (in the form of non-convertible debentures, bonds, secured premium notes, zero interest bonds, deep discount bonds, floating rate bonds/notes, securitised debt, pass through certificates, asset backed securities, mortgage backed securities and any other domestic fixed income securities including structured obligations etc.) include, but are not limited to:

1. Debt issuances of the statutory bodies (which may or may not carry a state/central government guarantee),
2. Debt securities that have been guaranteed by Government of India and State Governments,
3. Debt securities issued by Corporate Entities (Public /Private sector undertakings),
4. Debt securities issued by Public/Private sector banks and development financial institutions,
5. Securitised Debt, Structured Obligations, Credit enhanced Debt,
6. Non Convertible Preference Shares.

• **Money Market Instruments include:**

1. Commercial papers
2. Commercial bills
3. Tri-party Repos on Government securities or treasury bills (TREPS)
4. Certificate of deposit
5. Usance bills
6. Permitted securities under a repo/reverse repo agreement
7. Any other like instruments as may be permitted by RBI/SEBI for liquidity requirements from time to time.

Investments In Derivative Instruments

Brief note on investment in derivative instruments

As part of the Fund Management process, the Trustee may permit the use of derivative instruments such as index futures, stock futures and options contracts, warrants convertible securities, swap agreements, Forward Rate Agreement (FRA) or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objectives of the scheme.

On the fixed income side, an interest rate swap agreement from fixed rate to floating rate is an example of how derivatives can be an effective hedge for the portfolio in a rising interest rate environment.

Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on Stock Exchanges whereas OTC derivative transactions are generally structured between two counterparties.

Derivatives may be high risk - high return instruments, upon leveraging. As they are highly leveraged, a small price movement in the underlying security could have a large impact on their value and may also result in a loss.

Position Limits:

The schemes may enter into derivative transactions in line with the guidelines prescribed by SEBI from time to time. The exposure limit per scrip/instrument shall be to the extent permitted by the SEBI Regulation for the time being in force. These limits will be reviewed by the AMC from time to time.

Currently, the position limits for Mutual Funds and its schemes, as permitted by the SEBI Regulations, are as under:

The cumulative gross exposure through equity, debt and derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time) should not exceed 100% of the net assets of the scheme. Exposure due to hedging positions may not be included in the above mentioned limit subject to the following:

- Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
- Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned above.
- Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
- The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
- Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned above.

Further, the total exposure related to option premium paid must not exceed 20% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Pursuant to SEBI letter dated November 03, 2022, Cash or cash equivalents shall consist of following securities having residual maturity of less than 91 days:

- 1) Government Securities
- 2) T-Bills
- 3) Repo on Government Securities

Purpose of investment:

- Trading in derivatives by the scheme shall be restricted to hedging and portfolio balancing purposes.
- The scheme shall fully cover its positions in the derivatives market by holding underlying securities/cash or cash equivalents/option and/or obligation for acquiring underlying assets to honour the obligations contracted in the derivatives market.
- Separate records shall be maintained for holding the cash and cash equivalents/securities for this purpose.
- The securities held shall be marked to market by the AMC to ensure full coverage of investments made in derivative products at all time.

Valuation:

- The traded derivatives shall be valued at market price in conformity with the stipulations of sub clauses (i) to (v) of clause 1 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996.
- The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996.

Interest Rate Swaps:

The Indian markets have faced high volatility in debt and equity markets. An interest rate swap is a contractual agreement between two counter-parties to exchange streams of interest amount on a notional principal basis. In this, one party agrees to pay a fixed stream of interest amount against receiving a variable or floating stream of interest amount. The variable or floating part is determined on a periodical basis.

The Scheme may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if Scheme is transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

➤ **Purpose of Interest Rate Swaps:**

- The Indian markets have faced high volatility in debt and equity markets. An interest rate swap is a contractual agreement between two counter-parties to exchange streams of interest amount on a notional principal basis. In this, one party agrees to pay a fixed stream of interest amount against receiving a variable or floating stream of interest amount. The variable or floating part is determined on a periodical basis.
- The scheme shall use derivative position for hedging the portfolio risk on a non-leverage basis. The scheme shall fully cover their positions in the derivatives market by holding underlying securities / cash or cash equivalents / option and / or obligation for acquiring underlying assets to honour the obligations contracted in the derivatives market.

Let us look at an example of an interest rate swap:

Entity A has Rs.20 crores, 3 month asset which is being funded through call. Entity B, on the other hand, has deployed Rs.20 crores in overnight call money market, 3 month liability. Both the entities are taking on an interest rate risk.

To hedge against the interest rate risk, both the entities can enter into a 3 month swap agreement based on say MIBOR (Mumbai Inter Bank Offered Rate). Through this swap, entity B will receive a fixed pre-agreed rate (say 8%) and pay NSE MIBOR ("the benchmark rate") which will neutralize the interest rate risk of lending in call. Similarly, entity A will neutralize its interest rate risk from call borrowing as it will pay 8% and receive interest at the benchmark rate.

Assuming the swap is for Rs.20 crores 1 September to 1 December, Entity A is a floating rate receiver at the overnight compounded rate and Entity B is a fixed rate receiver. On a daily basis, the benchmark rate fixed by NSE will be tracked by them.

On December 1, they will calculate as explained below:

Entity A is entitled to receive daily compounded call rate for 92 days and pay 8% fixed.

Entity B is entitled to receive interest on Rs.20 crores @ 8% i.e. Rs.40.33 lakhs, and pay the compounded benchmark rate.

Thus on December 1, if the total interest on the daily overnight compounded benchmark rate is higher than Rs.40.33 lakhs, entity B will pay entity A the difference and vice versa.

Forward Rate Agreement (FRA)

A FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

Example: Let us assume that a scheme has an investment of Rs.10 crore in an instrument that pays interest linked to NSE Mibor. Since the NSE Mibor would vary daily, the scheme is running interest rate risk on its investment and would stand to lose if rates go down. To hedge itself against this risk, the Scheme could do an IRS where it receives a fixed rate (assume 10%) for the next 5 days on the

notional amount of Rs. 10 crore and pay a floating rate (NSE Mibor). In doing this, the scheme would effectively lock itself into a fixed rate of 10% for the next five days. The steps would be:

1. The scheme enters into an IRS on Rs. 10 crore from December 1 to December 6. It receives a fixed rate of interest at 10% and the counter party receives the floating rate (NSE Mibor). The scheme and the counter party exchange a contract of having entered into this IRS.
2. On a daily basis, the NSE Mibor will be tracked by the counterparties to determine the floating rate payable by the scheme.
3. On December 6, the counterparties will calculate the following:
 - The scheme will receive interest on Rs. 10 crore at 10% p.a. for 5 days i.e. Rs.1,36,986/-
 - The scheme will pay the compounded NSE Mibor for 5 days by converting its floating rate asset into a fixed rate through the IRS.
 - If the total interest on the compounded NSE Mibor rate is lower than Rs. 1,36,986/-, the scheme will receive the difference from the counterparty and vice-versa. In case the interest on compounded NSE Mibor is higher, the scheme would make a lower return than what it would have made had it not undertaken IRS.

Risks:

Interest rate swaps and FRA require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that the derivative adds to the portfolio and the ability to forecast failure of another party (usually referred to as the “counter-party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives, the credit risk where the danger is that of a counter-party failing to honour its commitment, liquidity risk where the danger is that the derivative cannot be sold at prices that reflect the underlying assets, rates and indices, and price risk where the market price may move in adverse fashion.

As is clear from the above examples, engaging in derivatives has the potential to help the scheme in minimising the portfolio risk and/or improve the overall portfolio returns.

Please note these examples are hypothetical in nature and are given for illustration purposes only. The actual returns may vary depending on the market conditions.

The AMC retains the right to enter into such derivative transactions as may be permitted by the applicable regulations from time to time.

SECURITIES LENDING

If permitted by SEBI under extant regulations/guidelines, the Scheme may also engage in scrip lending as provided under Securities Lending Scheme 1997, as per Para 12.11 of SEBI Master Circular on Mutual Funds dated June 27, 2024, and other applicable guidelines/regulations, as amended from time to time. Scrip lending means lending a security to another person or entity for a fixed period of time, at a negotiated compensation. The security lent will be returned by the borrower on or before the expiry of the stipulated period.

The AMC will comply with the required reporting obligations and the Trustee will carry out the reviews required under SEBI/RBI guidelines. Further a maximum of 40% of net assets will be deployed in securities lending and the maximum single party exposure will be restricted to 10%# of net assets outstanding at any point of time.

Presently, Securities lending and borrowing (SLB) is an Exchange traded product. Counterparty is not known for transactions carried out under SLB segment and they are guaranteed by Clearing Corporations and hence do not carry any counter party risk. Accordingly, single party exposure limit will not apply to trades on Stock Exchange platform. Single party exposure limits can only apply in case of OTC (over the counter) trades where counterparty can be identified.

Engaging in scrip lending is subject to risks related to fluctuations in the collateral value / settlement / liquidity / counter party.

SHORT SELLING OF SECURITIES

If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines issued by SEBI. Short sale of securities means selling of securities without owning them. The AMC will comply with the guidelines issued by SEBI in this behalf, including reporting obligations and the Trustee will carry out the reviews required under said guidelines.

Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks

OVERVIEW OF DEBT MARKET

The Indian debt markets are one of the largest markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The bond markets are developing fast with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. Currently the daily average trading volume in the market ranges between Rs.50,000 crores to Rs.60,000 crores, of which about 90% comprises the government securities.

The various debt instruments currently available for investments are:

Instruments	Current Yields*	Liquidity
Central/State Government securities	5.75% to 7%	Very high
PSU Bonds/Corporate debentures	6.75% to 10.50%	Medium - High
Commercial Papers/Certificate of deposits	6.50% to 9.25%	High
Call/Notice Money	4.95% - 5.95%	Very high
Repo / TREPS	5.60% to 6.05%	Very high

*Yields as of 07th May 2025

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

B. What are the investment restrictions?

In pursuance of the Regulations, the following restrictions are currently applicable to the scheme at the time of making investments:

1. Investment in securities from the scheme's corpus would be only in transferable securities in accordance with Regulation 43 of Chapter VI of SEBI [Mutual Funds] Regulations, 1996.
2. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities; provided that the Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI; provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
3. The Mutual Fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.
4. No investment shall be made in any Fund of Funds scheme.
5. The mutual fund shall not advance any loans for any purpose.
6. The Scheme may invest in any other scheme without charging any fees, provided that aggregate interscheme investment made by all schemes under the management of Franklin Templeton Asset Management (India) Private Limited or in schemes under the management of any other AMC shall not exceed 5% of the net asset value of the mutual fund.
7. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV with prior approval of the Board of Trustees and Board of the AMC, provided that such limit shall not be applicable for investment in government securities, treasury bills and triparty repo on Government securities or treasury bills. Further, investment within such limit can be made in mortgage backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Effective November 29, 2022, the scheme shall not make any new investment in money market instrument more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
 - b. 8% of its NAV in debt and money market securities rated AA; or
 - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.
- The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

8. Investment in unlisted debt instruments:
 - 8.1. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used for hedging.

However, the scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured

obligations) and are rated and secured with coupon payment frequency on monthly basis.

8.2. The implementation of the provisions mentioned above would be subject to the following:

- a) The existing investments of the scheme as on October 1, 2019 in unlisted debt instruments, including NCDs, may be grandfathered till maturity date of such instruments. The grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs and the criteria as specified in point 8.1 is not applicable.
- b) With effect from October 1, 2019, all fresh investments in unlisted NCDs shall be made only in NCDs satisfying the conditions mentioned in 8.1 above.
- c) Extension of maturity or rolling over of existing investments in unlisted NCDs shall be subject to the prescribed limits mentioned in point 8.2(a) and the requirements mentioned at 8.1 above.
- d) For mutual fund schemes whose existing investments in unlisted NCDs are more than the threshold limit as on the timeline mentioned at 8.2(a), all fresh investments in NCDs by mutual fund schemes, shall only be in listed NCDs till they comply with the requirements mentioned in 8.1 above.
- e) For the purpose of the provisions of point 8, listed debt instruments shall include listed and to be listed debt instruments.
- f) With effect from January 01, 2020, all fresh investments by the scheme in CPs would be made only in CPs which are listed or to be listed.

9. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by the scheme shall be subject to the following:

- a) Investments should only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- b) Exposure of the scheme in such instruments, shall not exceed 5% of the net assets of the scheme.
- c) All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.
- d) The investments of the schemes in such instruments as on October 1, 2019 in excess of the aforesaid limit of 5% may be grandfathered till maturity date of such instruments.
- e) The Scheme may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if Scheme is transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

10. a. Sector exposure

The exposure in a particular sector (excluding investments in Bank CDs, TREPs, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) under the portfolio will not exceed 20% of the net assets on account of purchase.

An additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme on account of purchase shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Further, an additional exposure of 5% of the net assets of the scheme shall be allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio. Provided that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed 20% of the net assets of the scheme on account of purchase.

b. Group exposure -

The total exposure of Scheme in a Group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) will not exceed 20% of the net assets of the Scheme. Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Board of Trustees.

Investments by the Scheme in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the Scheme with the prior approval of the Board of Trustees. The investments of the scheme in debt and money market instruments of group companies of both the sponsor and the asset management company of the mutual fund in excess of these limits, made on or before October 1, 2019 may be grandfathered till maturity date of such instruments. The maturity date of such instruments shall be as applicable on October 1, 2019

For this purpose, a group means a Group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

11. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of Seventh Schedule to SEBI Regulations.
12. Transfers of investments from one Franklin Templeton Mutual Fund scheme to another will be done in inconformity as per Para 12.30 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and Interscheme Transfer policy of FTMF.
13. No investment shall be made in
 - any unlisted security of an associate or group company of the sponsor; or
 - any security issued by way of private placement by an associate or group company of the sponsor; or
 - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
14. Pending deployment of funds in securities in terms of investment objectives of the Scheme, the Mutual Fund can invest the funds of the scheme in short term deposits of scheduled commercial banks Para 4.5 of SEBI Master Circular on Mutual Funds dated June 27, 2024. The Scheme shall abide by the following guidelines for parking of funds in short term deposits:
 - "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.

- Such short term deposits shall be held in the name of the scheme.
- The scheme shall not park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustees.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- The scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short-term deposit of a bank, which has invested in the Scheme. The bank in which the scheme has short-term deposit shall not be permitted to invest in the said scheme until the scheme has short-term deposit with such bank.
- AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The aforesaid limits are not applicable to term deposits placed as margins for trading in cash and derivatives market.

15. Restrictions on Investment in debt instruments having Structured Obligations / Credit Enhancements:

- Investment of the scheme in the following instruments shall not exceed 10% of the debt portfolio of the scheme and the Group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme:
 - a) Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and
 - b) Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a Group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

- These investment limits mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitised Debt Instruments) Regulations 2008.
- Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

AMC may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMC shall initiate necessary steps to ensure protection of the interest of the investors.

- The existing investments by the scheme as on October 1, 2019 in debt instruments that are not in terms of the provisions of point herewith may be grandfathered till maturity date of such debt instruments.

16. The scheme may consider investment in other financial market investments as per guidelines issued by the Central Government/SEBI/RBI from time to time.

The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI regulations/applicable rules change/permit so as to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI regulations. Further, apart from the investment restrictions prescribed under SEBI regulations, the scheme may follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector, etc.

The investment restrictions specified as a percentage of net assets will be computed at the time of making the investment and it is clarified that changes need not be effected, merely by reason of appreciation or depreciation in value or by reason of factors beyond the control of the scheme (such as receipt of any corporate or capital benefits or amalgamations). In case the limits are exceeded due to reasons beyond its control, the AMC shall adopt necessary measures of prudence to reset the situation having regard to the interest of the investors.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme

- o Open ended/~~Close ended/Interval scheme~~
- o ~~Sectoral Fund/Equity Fund/Balance Fund/Income Fund/Index Fund/Any other type of Fund—~~

(ii) Investment Objective

- o **Main Objective - Growth/Income/Both**
- o **Investment pattern** - Please refer to the section “How will the scheme allocate its assets?”. The fund retains the option to alter the asset allocation on a short-term basis in the interest of unitholders on defensive considerations.

(iii) Terms of Issue

- o **Liquidity provisions such as listing, repurchase, redemption** - Please refer to the Part I.
- o **Aggregate fees and expenses charged to the scheme:** Please refer to the Part III - Other Details.
- o **Any safety net or guarantee provided:** None

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having

nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and

- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF) – Not Applicable

E. Principles of incentive structure for market makers (for ETFs) – Not Applicable –

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes) – Not applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	<p>The Scheme is open ended and the Units are not listed on any stock exchange. However, the Mutual Fund may, at its sole discretion, list the Units on one or more Stock Exchanges at a later date, and thereupon the Mutual Fund will make suitable public announcement to that effect. The Mutual Fund will offer and redeem Units on a continuous basis during the Continuous Offer Period.</p> <p>The Unit holders are given an option to hold the Units by way of an Account Statement (physical form) or in Dematerialized (demat form). Units held in Demat form are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding Units and having a Demat Account. The delivery instructions for transfer of Units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. Further, for the procedure of release of lien, the investors shall contact their respective DP.</p> <p>For units held in paper form, normally, units are not certified. However, if an applicant so desires to transfer units, the AMC, upon submission of documents which will be prescribed from time to time, shall certify the units and issue a fresh statement/certificate to the</p>

Dividend Policy (IDCW)	<p>The Trustee may, at its sole discretion distribute income under IDCW option/ plan in the fund at any time and at such frequency (such as daily, weekly, monthly, quarterly, half-yearly, annually etc.) as it deems appropriate. Although there is every intention to distribute income, there is no assurance or guarantee as to the frequency or quantum of such distribution nor that the distributions be regularly paid. Income Distribution cum capital withdrawal (IDCW) is based on the availability of adequate distributable surplus in the scheme. Distributions can be made out of available distributable surplus (including Equalization Reserve, which is part of sale price that represents realized gains). Such distributions are payable to the Unitholders in the IDCW Plan, whose names appear on the Unitholders' register on the record date. The Trustee may not distribute income at all in the event of inadequacy of distributable income.</p> <p>The scheme reserves the right to suspend sale of units for such period of time as it deems necessary before the record date to ensure proper processing.</p> <p>The amount of distribution will be distributed within 7 working days from the record date.</p> <p>IDCWs will be paid through electronic mode or by cheque (in exceptional circumstances only), net of taxes as may be applicable, and payments will be in favour of the first-named registered holder in the folio. To safeguard the interest of Unitholders from loss or theft of IDCW cheques, it is mandatory for investors to provide the details of their bank account in the Application Form. IDCW cheques or electronic payments will be sent in accordance with such information.</p> <p>Record dates for declaration of IDCW</p> <p>Record date for options upto monthly frequency shall be as follows:</p> <ul style="list-style-type: none"> • Daily - Everyday Business Day • Weekly - Every Monday (if Monday is non-business day, record date will next business date) • Monthly - 2nd Last Friday of the Month (If record date (Friday) falls on a holiday, preceding working business day will be considered as record date)

	<p>Suspension of redemption of units</p> <p>With the approval of the Boards of Directors of the Trustee and the Asset Management Company, the redemption of Units may be suspended temporarily when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <ul style="list-style-type: none"> i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision, shall not be allowed. ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems. iv. Based on any other guidance/ circular issued by SEBI from time to time. <p>Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. The approval from the Boards of AMC / Trustee shall also be informed to SEBI in advance.</p> <p>When restriction on redemption is imposed, the following procedure shall be applied:</p> <ul style="list-style-type: none"> i. No redemption requests upto Rs. 2 lakh shall be subject to such restriction. ii. Where redemption requests are above Rs. 2 lakh, AMC shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction.

The Trustee / AMC reserves the right to vary these limits from time to time, in the interest of investors.</p> <p>Since the redemption request for units held in dematerialized mode can be given only in ‘number of units’ with Depository Participants or on Stock exchange Platform, the provision pertaining to ‘Minimum redemption amount’ shall not be applicable to such investors.</p> <p>Unitholder may request the redemption of a certain specified Rupee amount or of a certain number of Units. If a redemption request is for both a specified Rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. In the case where a Rupee amount is specified or deemed to be specified for redemption, the number of Units redeemed will be the amount redeemed divided by the applicable NAV. Redemption requests will be honoured to the extent permitted by the credit balance in the Unitholder’s account. The number of Units so redeemed will be subtracted from the Unitholder’s account and a statement to this effect will be issued to the Unitholder. If the redemption request exceeds the Balance in the account then the account would be closed and balance sent to the investors. To pay the investor the redemption amount requested for (in Rupees), Franklin Templeton will redeem that many units as would give the investor the net redemption amount requested for, after deducting exit load as applicable from time to time.</p>

The distributors have the option to either opt in or opt out of levying transaction charge based on type of the product:
 - First time investor in Mutual Funds: Transaction Charge of Rs.150/- on purchase/subscription application of Rs.10,000 and above shall be deducted from the subscription amount and paid to the distributor/agent/broker of the investor. Units will be allotted for the balance subscription amount (net of the transaction charge deducted).
 - Investors other than first time investor in mutual funds: Transaction Charge of Rs.100/- per purchase/subscription application of Rs.10,000 and above shall be deducted from the subscription amount and paid to the distributor/agent/broker of the investor. Units will be allotted for the balance subscription amount (net of the transaction charge deducted).
 - Investments through Systematic Investment Plan (SIP) - the Transaction Charge shall be deducted only if the total commitment through SIP (i.e. amount per SIP instalment x No. of SIP instalments) amounts to Rs.10,000/- and above. The Transaction Charge shall be deducted in 3 or 4 instalments, as may be decided by the AMC from time to time.
- Stamp duty: Mutual fund units issued against Purchase transactions (whether through lump-sum investments or SIP or STP or switchins or reinvestment under IDCW Option) would be subject to levy of stamp duty @ 0.005% of the amount invested. Transfer of mutual fund units (such as transfers between demat accounts) are subject to payment of stamp duty @ 0.015%. The rate and levy of stamp duty may vary as amended from time to time.

Please refer to SAI for further details.

E. Associate Transactions- Please refer to Statement of Additional Information (SAI)

F. Taxation-

For details on taxation please refer to the clause on Taxation in the SAI apart from the following:

This information is provided for general information only and is based on the prevailing tax laws, as applicable in case of this Scheme. However, in view of the individual nature of the

implications, each investor is advised to consult his or her own tax advisors/ authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

Franklin Templeton Mutual Fund is registered as a Mutual Fund with Securities and Exchange Board of India ('SEBI') under SEBI (Mutual Fund) Regulations, 1996. Any income earned by such mutual fund registered with SEBI is exempt from taxation as per section 10(23D) of the Income Tax Act, 1961 ('Act')

Category of this Scheme: 'Money market mutual fund', as currently defined under the Act

As per section 50AA of the Act, this scheme is a **Specified Mutual Fund** as on March 31, 2025.

"Money market mutual fund" is defined to mean a money market mutual fund as defined in sub-clause (p) of clause (2) of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996.

"Specified mutual fund" means a mutual fund by whatever name called,

- i. , which invests more than 65% or more of its total proceeds in debt and money market instruments or
- ii. which invests 65% or more of its total proceeds in units of fund referred to in clause (i) above.

Provided that the percentage of investment in debt and money market instruments or in units of a fund, as the case may be, shall be computed with reference to the annual average of the daily closing figures:

Provided further that for the purposes of this clause, "debt and money market instruments" shall include any securities, by whatever name called, classified or regulated as debt and money market instruments by the Securities and Exchange Board of India.

Taxability in the hands of Investor

If the units are held as stock-in-trade of a business, the said income will be taxed at the rates at which the normal income of that investor is taxed.

If the units are held as investments, the said income will be taxed as capital gains. In such case, the tax rates applicable will depend on whether the gain on sale of units is classified as a short-term capital gain or a long-term capital gain.

~~ Surcharge rate shall not exceed 25% in case of individual and HUF being taxed under tax regime under section 115BAC of the Act. In case total income includes income by way of dividend on shares, short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15% [refer clause on Taxation in the SAI for further details]

* 10% basic surcharge (irrespective of taxable income) for domestic companies availing benefit under section 115BAA and section 115BAB of the Act.

Tax plus surcharge shall be further increased by a health and education cess of 4 percent.

DTAA Benefits

Taxability in the hands of non-resident investor shall be subject to Double Taxation Avoidance Agreement ("DTAA" or "tax treaty") benefits which can be claimed in the return of income to be filed by such investors, as applicable. Further, such DTAA benefit may also be claimed at the time of withholding of taxes (subject to requisite documents for claiming DTAA benefit made available by investor to the Mutual Fund). The investors should obtain specific advice from their tax advisors regarding the availability of the tax treaty benefits.

PAN-AADHAR Linking

As per section 139AA of the Act read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of the Act.

Securities Transaction Tax (STT)

No STT is payable on sale (redemption) of units of a specified mutual fund.
